C H A R T E R G R O U P

Worldwide Charter Group is a full service aviation management and brokerage company, specializing in the lease and charter of narrow and wide body aircrafts to national and international airlines, tour operators, sports teams, corporate and incentive groups. We have built a loyal client base and have established ourselves as one of the premier charter brokerage companies globally.

The FIFA World Cup is the world's most widely viewed sporting event. Worldwide Charter Group has been front and centre for the past two World Cups; 2010 in South Africa and 2014 in Brazil. We have flown thousands of loyal fans and supporters across the globe to cheer on their home teams. We provided ACMI and full charter transportation to various cities in both countries, as well as operated a network of domestic flights between the host cities in both countries to provide full coverage of all the matches.

We are proud to say that we have operated more flights than any other Aviation Management Company.

2010 SOUTH AFRICA

The 2010 FIFA World Cup took place June 11th to July 12th - 32 teams from 6 Confederations competed in 10 stadiums across 9 host cities in South Africa - the first African nation to host the finals.

The finals saw Spain defeat third-time finalists The Netherlands 1-0 in overtime, with Andres Iniesta's goal in the 116th minute giving Spain their first world title. Spain were announced the Champions, with The Netherlands as runners-up, Germany placed 3rd and Uruguay finished 4th.

DESTINATION: SOUTH AFRICA

Over 3.1 Million supporters travelled to South Africa to support their home teams - Worldwide Charter Group helped to make this possible! WCG supplied a strong presence and support for all its passengers throughout their travel to and from South Africa. Worldwide provisioned on-site staff for all departures 2-3 days prior to all flights to confirm logistics infrastructure was securely in place. Our systematic on-location vigilance ensures operational efficiency for all outgoing flights, monitoring of inbound ferry flights, flight filings, secured slots, ground handling, ticketing, baggage tagging and loading, fueling, crewing coordination and customized catering.

WCG was the only company to guarantee dedicated experienced staff in all departure countries and within South Africa and worked 24/7 to ensure a smooth and seamless travel experience for all fans.

2014 BRAZIL

The 20th FIFA World Cup took place in 2014 in Brazil from June 12th to July 13th – 31 national teams advanced to join the host nation in the final tournament. It was Brazil's second opportunity to host the competition (the first was in 1950). A total of 64 matches were played in 12 venues located across twelve host cities.

In the final, Germany defeated Argentina 1-0 to win the tournament and secure the country's fourth world title, the first since the German reunification in 1990. Germany became the first European team to win a World Cup staged in the Americas.

DESTINATION: BRAZIL

WCG was proud to join the 5.1 million fans present in Brazil that travelled cross-continent and internationally to attend the 20th FIFA World Cup - this was the most fan-attended World Cup in history!

Worldwide expanded its operation dramatically from 2010, directly leasing five (5) of its own wide body aircraft (A340s and B767s) and flying over 5,000 fans to and from Brazil as well as operating domestic flights within the country between matches. Worldwide successfully tackled the increase in demand by dramatically extending its infrastructure and hiring additional networks of local support staff and representative to ensure 24/7 support was available to all clients for all flights. WCG staff was well prepared to ensure smooth arrivals and departures with reliable ground handling on ramp and at counters for ticketing and baggage tagging and loading, and high-end quality catering services.
